Get Wired for Success!

How much does it cost to book Dr Rod for your event or conference?

Dr Rod talks about fees and costs on an event-by-event basis. Give him a call, and over a “virtual cup of coffee” tell him about your event, the number of delegates, the size of your company or organisation, and the issues facing your industry.

Once he has a clear idea of your requirements, he will discuss costs, and submit a contract.

Travel Arrangements

Dr Rod flies economy class out of Melbourne. For international bookings, he flies business class.

AV Requirements

Dr Rod uses a Dell Laptop with Windows. He is comfortable with a lapel mike or headset, and he carries a spare clicker and USB. Your AV technicians will find him a breeze to work with!
